REDWOOD CITY, CALIFORNIA, SATURDAY, JULY 10, 1920

ESTABLISHED 1859

CITY TRUSTEES HOLD SHORT SESSION

At the meeting of the city board Monday evening but little business was transacted. The greater part of the session was taken up by the discussion of the improvement of Jefferson avenue and Roosevelt avenue. Trustee McNulty informed the board that Roosevelt avenue was in need of repair and that some action should be taken to repair this thoroughfare. After further discussion, Trustee Dimmitt was instructed to prepare plans and report at the next meeting. The board did not take action on the Jefferson street work but decided to let the matter rest until the next meeting.

Trustee G. O. Kreiss was at his place in the absence of several weeks. Redwood City Post No. 105, American Legion, was granted a permit to hold its second boxing exhibition in the Alhambra theater on the evening of July 20.

Court Madrone, Foresters Hall association, was granted a permit to conduct a 2 o'clock dance in their hall on Saturday evening, July 24.

M. Kottler of 103 Cedar street was granted a renewal of his junk pedler's license on motion of Trustee McNulty and Mable.

A map of the Selby tract subdivision submitted by P. Flynn was approved.

Railroad Crossings

City Attorney Mansfield reported to the board that he had just received a letter from the railroad commission in reply to his own letter regarding the railroad crossings in this city. The commission stated that they were giving the matter every consideration and would take the question up with the Southern Pacific Company as soon as possible.

The report of City Treasurer F. K. Towne showed a balance in the general fund on July 1, 1920, of \$10,190.31, and a balance in the water fund on the same date of \$8,781.23.

The report of City Marshal C. L. Collins showed collections for the month of June from all sources of \$6,940.47.

Prof. Henry C. Hall, Jr., and family are spending their vacation at Corte Madera, Marin county, at the home of his parents. The professor commutes to the state university at Berkeley, where he is taking a summer school course in mental measurements and tests, school administration and applied civics, some of the latest educational ideas.

Joe S. Thomas, one of the oldest residents in San Mateo county, died Saturday night at his home at Halfmoon Bay. Thomas was a family character about that community for more than 50 years. The funeral services, which were attended by more than 100 friends, were held in the Catholic church Sunday morning at 10 o'clock. Thomas was a widower and leaves the following children to mourn his death: Mrs. Louise Rodgers, Mrs. Gloria Perry, Joe Richard, William and Louis Thomas.

Mrs. Becker was the daughter of the late John Crowley, a pioneer of Redwood City, and was born in this city over 50 years ago. Besides her husband she is survived by her daughter and three grandchildren, Jean Stafford, Michael and Patrick Holland.

JOSEPH M. FRANCIS FILES NOMINATION PETITION

Joseph M. Francis of Halfmoon Bay has filed his nomination petition and will seek re-election as supervisor of the fourth township. Mr. Francis came home from the Adler Sanitarium in San Francisco last week, but on Wednesday he returned for further treatment. He is improving nicely and his many friends hope he will ultimately recover.

Mrs. Rosalie M. Brown has also filed her nomination papers. She seeks to be elected to the unexpired term of her late husband as supervisor of the second township. She will have no opposition, neither will Francis.

FLYING BECOMING POPULAR

Flying is destined to become the popular outdoor and indoor sport, according to Walter T. Varney, local aviation expert and agent for the Lincoln Standard and Bristol airplanes. Varney has just taken over the aviation field at Redwood City and has organized a flying school.

Contrary to the general belief, it does not take six months or even two months to learn to fly. As a matter of fact ten minutes is all that is necessary for the rankest novice to be able to manipulate an airplane once it is off the ground. In two weeks, according to Varney, the veriest novice should be able to fly by himself. If the prospective flyer is not "solo" within a month his case will be considered hopeless and he will no longer be considered as a student in the class.

Society is showing a keen interest in the new flying school and a number of the debutantes of the Burlingame set have made inquiries regarding entrance into the class.

Varney announces that Gordon B. Ferrie will be in charge of the Redwood school and that registration in the initial class will be opened at once.

In addition to the flying school the Redwood field promises to be the principal flying field along the coast. Varney has made arrangements to make this the assembling place for both the Lincoln Standard and the Bristol planes.

LAST DAY FOR FILING

July 22 is the last day on which candidates for office may file their nomination papers in the county clerk's office. Judge Buck was the first to file his petition, having filed it late last week. His petition contained fifty names and these were secured in a few moments by Martin Walsh. All deemed it an honor to sign the document. The judge will have no opposition for re-election. He has held the judgeship for thirty years.

John MacBain, the popular candidate for supervisor in the third township, filed his petition this week. He only required thirty names, being a township office not so many were required. Mr. MacBain will have no opponent. He is completing his eighth consecutive year as supervisor.

M., went to Mount Olivet cemetery on Wednesday and conducted the funeral services of Andrew Johnson, who passed away at Livermore on July 4. He was a former resident of this city and resided on Fuller street. His wife died three years ago and shortly afterward Mr. Johnson went into the merchant marine service as an engineer. He was a native of San Francisco, aged 35 years, and is survived by a little daughter.

COUNTY EDUCATION BOARD

The county board of education finished its work last Saturday and adjourned for the summer. The board was immediately reconvened and Lewis E. Adams was elected president for the ensuing year. At the teachers' examination conducted by the board during the week there were five applicants for certificates, only two of whom were successful. The applicants who secured the required standing were Miss Effie May Jackson of Pescadero, who will teach the Sunnyside school, and Miss Gertrude Brunswag of San Francisco.

TERMS OF PHELPS' WILL

Alfred A. McLean, a brother of the late Josephine A. Phelps and one of the legatees under the will of his sister, has filed a petition in the superior court asking that the Union Trust Company and William F. Chipman of San Francisco, executors of the last will and testament of Mrs. Phelps, appear in court and show cause why they should not carry out the terms of the will.

Mrs. Phelps died in December, 1916, leaving a will bequeathing property valued at half a million dollars to relatives, friends and charitable institutions.

By the terms of the will Alfred A. McLean was to receive an annuity of \$100 a month until such time as the executors arranged to create a fund of \$240,000, \$20,000 of which would be set aside to McLean, he to receive the income therefrom during his lifetime. His annuity would stop after the creation of said fund. In 1919, the supreme court handed down a decision explaining that the annuity could not be taken from the body of the estate but from the income. As there was no income McLean has not received his annuity and the trust fund has not been created by the executors. Some time ago Judge Buck declared the trust clause in the will null and void and directed the executors to distribute the estate to the nearest heirs. The executors appealed from this order to the supreme court. Last May that tribunal declared the trust clause in the will valid.

McLean in his petition says he is 80 years old without means and needs the annuity or the income from the trust fund. He asks the court to compel the executors to create the trust fund in order that he may receive his income as contemplated by the terms of the will of his sister.

August 5 has been set by Judge Buck for the executors to appear in court and show cause why they should not proceed to create the trust fund.

Edward Bennett, the popular resident of Woodside, returned Wednesday from a business trip to Seattle, where he met a number of old friends. Mr. Bennett is glad to get back to Woodside. He believes there is no place like his locality.

FOR UNITED STATES SENATOR—

SAMUEL M. SHORTRIDGE

SENATOR HARDING A CLOSE
FRIEND OF ROOSEVELT

It is certain that in the Presidential campaign much attention will be focused on the relations between Senator Harding and the late Col. Roosevelt; in fact, references to the close acquaintanceship that existed between the ex-President and the Republican nominee for many years previous to the former's death already have appeared in the press. Probably no more convincing proof of the high esteem in which Senator Harding was held by the Colonel can be found than in Mr. Roosevelt's selection of the Senator to introduce and lead the fight for the amendment to the army bill which was designed to permit the recruiting of a volunteer division of soldiers. No citizen had a more profound conviction of the righteousness of our cause in the World War than Col. Roosevelt, and there was no desire nearer his heart than to be allowed to go overseas with a fighting unit and meet the Huns face to face. He would have subordinated everything else to the accomplishment of that ambition and in selecting the champion of his cause on the floor of the Senate he picked out the man whom he considered most in sympathy with his aspirations and most likely to win success for his project.

Senator Harding presented the Roosevelt amendment and spoke effectively in its favor. In the course of his remarks he paid a eulogy to the patriotism of Roosevelt that should be taken to heart by every friend of the former President. "It is designed," said Senator Harding in referring to his amendment, "to give form to a Rooseveltian expression of eager and ready Americanism and to provide an army of Americans who believe in him and his gospel of Americanism, and afford him and them the simplest means of proving that American expression and American action are in compelling accord. The amendment has in view a possible volunteer army for immediate and intensive training, to be recruited by Col. Roosevelt, a former Commander in Chief of the United States Army and Navy. It opens the way to provide the earliest possible armed American force to participate in the battles on the western front of Europe. It provides the advance guard of American ideals, bearing the oriflame of New World liberty, New World civilization, and New World humanity and armed assurance of our everlasting commitment to maintain national rights."

"There are but two living men who are ex-Commanders in Chief of the armed forces of the Nation," continued Senator Harding. "To accept from one of them, who has already seen actual and honored service on the field of battle, the tender of one or more divisions of volunteers who shall typify the American eagerness to further our cause on European battlefields is the natural thing and the heartening thing and the harmonizing thing to do. It will be the first manifestation of the American spirit, the first earnest of the American consecration, the tangible evidence of American intent. I believe it can be raised; I know it can be raised under Col. Roosevelt's inspiring leadership. I venture to say that 90 per cent of the thoughtful public sentiment of this land is ready to approve the hastened recruiting of this volunteer army under Colonel Roosevelt. There is but one Theodore Roosevelt in the world, and I am glad all know of him as a citizen of the United States of America."

"That Mr. Roosevelt had wisely chosen his representative in the Senate is attested by the fact that the

Harding-Roosevelt amendment was adopted by that body by a vote of 56 to 31. Unfortunately an imperious order came from the White House to the Democratic conferees to strike the provision from the bill, and it was thus lost."

INFLUENCE NOT FOR SALE

Senator Harding had put a ban on huge money contributions to his campaign. His decision to limit individual subscriptions to small amounts effectually prevents the big international bankers and others, who want the United States to become a member of the league of nations so that their foreign business may be guaranteed by the Government, from putting him under obligations to grant their claims special attention should the league question come up again while he is President.

GOVERNOR JAMES COX A POPULAR DEMOCRAT

The democratic nominee for the presidency, James Cox, of Ohio, is by far the most popular candidate of that party. Coming as he does from the pivotal state of Ohio as does his opponent, he will be a formidable contender for the electoral vote of that state. His running mate, Franklin Roosevelt, a cousin of Theodore Roosevelt, is a very popular young man and will make a good run.

It is, however, the general opinion that this is a Republican year and that the Republican party will sweep the country next November.

The newspaper men of the United States are pleased to know that both candidates for the presidency are newspaper publishers who have come up from the ranks. It is about time that an editor was made chief executive. Most every other profession has been represented at the White House.

SENATOR M. B. JOHNSON MAY BE CANDIDATE AGAIN

The announcement that M. B. Johnson will again be a candidate for State Senator from this district meets with the hearty approval of the voters of the district who are enthusiastic about his candidacy. Mr. Johnson has a splendid record, one that he may well feel proud of. Mr. Johnson will have no opponent for re-election. This is a splendid recommendation to the voters and shows that the people of his district are satisfied with his work at Sacramento. Mr. Johnson is a forcible speaker, and honest legislator and a man of ability and vision. His numerous friends throughout the county will be pleased to learn that he will again be a candidate for the Senate.

Senator Warren G. Harding of Ohio is the embodiment of the true American spirit, a fine upstanding candidate, a man fully equal to the office and whose selection is an honor both to the country and the party.

COUNTY BOARD IN REGULAR SESSION

The board of supervisors met in regular session Tuesday, July 6th, 1920, at 10 a. m., there being present Chairman John MacBain, president; T. L. Hickey, Mrs. Rosalie M. Brown and Dr. C. V. Thompson. Absent, Supervisor Jos. M. Francis.

The board received only one bid, that of the Pacific Gas and Electric Company for furnishing nine 100-candle-power Mazda lights for the recently formed Homestead Lighting district, at \$2.20 a light per month. The bid was accepted, on motion of Hickey, seconded by Mrs. Brown.

A petition, signed by Davis Roller and twenty-eight other persons was received, asking for the appointment of a competent person to make a survey and prepare plans and specifications for street work in Lomita Park, the purpose of the survey being to ascertain the cost of carrying out the above work.

The request was granted, on motion of Hickey, seconded by Thompson, County Surveyor George A. Kneese being directed to make the necessary survey.

In connection with the above, District Attorney Swart suggested that the parties interested take the matter up with the financial authorities with a view of ascertaining what interest would be required to float the bonds before taking steps to have the work done.

A petition signed by Mrs. Catherine C. Adams and ten other residents of Belmont, was received, asking for additional lighting facilities on Ralston avenue in the Town of Belmont. Owing to the fact that the petition did not contain twenty-five signatures, as required by law, the matter was laid over and the petition returned to Mrs. Adams, who was present at the meeting, for her to secure the additional names.

A communication was received from Charles B. Wing, vice-president of the Redwood Park Commission, enclosing a copy of a proposed ordinance covering forest fire protection. The ordinance was referred to District Attorney Swart to be taken up later in the session.

The board took up for discussion at this time the proposed plan of constructing a new short-cut road over

the mountains to connect the San Gregorio-Pescadero road with the Redwood City road at Woodside. County Surveyor Kneese reported that he had started a survey of the road that would run along the Corte Madera creek up to the James Ralston ranch, and which, if constructed, would give an easy grade practically all the way.

Enos Halston, one of the ranchers interested in the building of the proposed road, was present at the meeting and addressed the board in the matter, stating that all of the people desired the road constructed along the Corte Madera creek, which he claimed, would reduce the distance from San Gregorio to Redwood City for traffic fully ten miles.

After further discussion, the matter was laid over until the meeting of July 19, in order to give the county surveyor and the board time to look into the question of the route.

D. M. Flynn presented a map of the Selby ranch at Atherton, which was accepted and ordered filed, on motion of Hickey, seconded by Mrs. Brown.

A communication was received from the Board of Fire Commissioners of Menlo Park, through Clarence R. Walter, notifying the board that the sum of \$8,000 would be required for the maintenance of the fire department during the coming fiscal year.

Chairman MacBain addressed the board in the above and stated that last year the commission asked for a 30 cent tax to build a new fire house and with that completed they are this year asking for a levy of 25 cents. He could not understand, he said, what the \$8,000 was needed for.

District Attorney Swart presented and read a proposed ordinance that was sent him by Dr. Iverson, head of the Animal Industry of California, providing for the inspection of meats and milk in the county. After reading the ordinance, Swart said that he did not believe that it was altogether suitable for the needs of San Mateo county, terming it too idealistic.

Attorney Hall C. Ross, who was present at the meeting, said that passage of an ordinance, would ruin all the small farmers in the county and in addition to this would cost the county a vast sum of money to enforce it.

After further discussion, the board decided to lay the matter over until a further meeting. District Attorney Swart agreed to have a number of copies of the proposed ordinance stricken off for different members of the board.

In connection with the above, Swart stated that several weeks ago, Redwood City meat merchants were refusing to accept from local farmers slaughtered calves on account of a supposed order from the head of the Animal Industry of the State that the animals had to be inspected before killing. Swart said that he took this matter up with Dr. Iverson and that the latter explained that the department had intended passing such an order but had not done so when it was found that it would be impractical. Farmers are now permitted to sell calves that are their own product.

The board took up again the matter of providing an ordinance covering fire prevention in the county. District Attorney Swart read the proposed ordinance as submitted by the California Park Commission which especially deals with forest protection. It was felt that this ordinance was not altogether suitable for conditions in San Mateo county and it was left to District Attorney Swart to frame something that would be more desirable, to be submitted later to the board.

District Attorney Swart read a report of Traffic Officer James B. Daiziel, covering an automobile accident on the State highway above Belmont, May 30, when two men alleged to have been drunk, after being taken to the Red Cross hospital in San Mateo, were released by the police of that city before an investigation of the cause of the accident was made.

Daiziel stated that when he was called in the case, he went immediately to the hospital, where he was shown one man who was so drunk he could not get out of bed. Another man, he was told by the nurse, had been let go because "he could man-

age to walk." In the meantime, the report states, a third man was brought to the San Mateo jail who had been found lying at the corner of Griffith and Baldwin avenues. Chief Burke took charge of this man and later released him without getting any record of him. The drunken man in the hospital was later removed to the jail, where he remained until evening, when Daiziel said he ordered him released when he found that he could not prove that he was the driver of the machine that was responsible for the accident, his opinion being that the driver was the man first released.

Daiziel's report was received and ordered filed and it was left to District Attorney Swart to reply to a letter that had been sent him regarding the release of the men, by Percy Towne, of San Francisco, secretary of the California Automobile Association.

A communication was received from Gen. Geo. S. Evans Relief Corps No. 36, of Redwood City, asking for the usual annual donation for the care of the Grand Army lot in Union cemetery and requesting that the amount this year be increased from \$50 to \$75 to meet additional requirements.

Chairman MacBain reported that he had attended a meeting of the committee of 21 at the Fairmont in San Francisco two weeks ago when the matter of raising the rate on the \$40,000,000 highway bonds from 4 1/2 per cent to 6 per cent was taken up. It was voted at the meeting, he said, to recommend the raising of the rate, in consideration of the fact that the proposal is that the State shall pay all the interest on the bonds after July 1, 1921. Chairman MacBain stated that with this agreement, he voted with the others for the increase. Senator M. B. Johnson addressed the board in the above matter, explaining that there would positively be no further highway construction carried on by the State until something is done to sell the bonds. He showed how very essential it was to increase the interest rate in order to make the bonds marketable.

Following Senator Johnson's address, it was moved, on motion of Thompson, seconded by Mrs. Brown, that in view of the fact that the county is to be relieved of the burden of paying the interest on the bonds after July 1, 1921, that the board go on record as favoring the increase in the rate, so as to make the bonds marketable.

County Assessor D. P. Flynn presented the new assessment rolls, showing the county valuation for the different cities and townships in the county.

The assessment rolls were accepted by the board, on motion of Thompson, seconded by Hickey.

Hiking Days are Here!

Now is the time for mountain hikes. Get out your old Khaki trousers and shirt, and commune with nature—take a hike up in the mountains and breathe the pure invigorating air of balmy summer days.

Dress in comfort and add to the pleasure of your outing. Of first importance are your hiking boots. They should be strong, pliable, comfortable and well fitting.

We are particularly fortunate at this time in having a large stock of correct hiking boots. See our many styles and shapes.

STEVEN STRONG SHOES
WILWAUKEE

Hints to Hikers

Get shoes that are fairly large, but snugly fit about the ankles and calf. Wear two pairs of socks—next to your foot a thin cotton or silk stocking, and wear a heavier wool pair over these. This will eliminate a great deal of the friction on the different parts of your foot, and prevent blistering. Of first importance, however, is to have your shoes properly fitted. That is where Thoit's Service is invaluable. We are experts in fitting, and can assure you of maximum comfort in shoes fitted here.

For Men

We have a Scout pattern in an Elk-skin hiking shoe, for \$10.00. High cut hiking boots in strong water proof leathers, flexible soles and uppers, built with the Chrome Tanned Cushion Leather between the two soles—an exceptionally strong type of shoe, emphasizing strength and comfort, at following prices—

\$15 \$16 \$20 \$25

For Women

Just the thing in hiking shoes for women. Women's hiking shoes should fit well about the ankle and calf, and have a strong, flexible sole. Our outing shoes are of just this type. The soles are a heavy single piece of oak-tanned leather that will withstand the sharp cutting rocks and gravel, and still be very flexible.

Another type of outing shoe for women is Elk-skin walking boot in grey. A lighter shoe very adaptable for less strenuous wear. The price in hiking shoes are very moderate considering the excellent material of their composition. We have some at \$12.50, \$14, \$16. Our special attention to fitting will guarantee the pleasure of the trip to be unmarred by shoe discomforts.

R. U. H. S. ALUMNI ASK FOR LARGER SCHOOL FACILITIES

To the Trustees of Sequoia Union High School District, Mr. D. E. O'Keefe, Clerk:

Redwood City, June 15, 1920.

WHEREAS, the housing facilities of the Sequoia Union High School are now inadequate to the needs of that institution, and it seems probable that the natural growth of the student body will cause a greater crowding than is now confronting the faculty, and

WHEREAS, the ground space for physical exercise and physical education is entirely too small and because of the fact that an opportunity exists whereby a fine large site suitable for all school purposes is now available at a reasonable figure,

NOW, THEREFORE, be it resolved: That the Alumni Association of the Sequoia Union High School most heartily endorses the plan of purchasing the Pissis 40 acre tract of land for a High School site, and urges the Board of Trustees of the High School District to take such steps as may be necessary to acquire said property, without delay.

Unanimously adopted by the Alumni Association of Sequoia Union High School, June 25, 1920.

LUCIEN O'CONNELL, President.
DOROTHY BRESSE, Secretary.
